Partnering Primes & Subcontractors

GovPartners is the premier place to team with Prime Contractors and Subcontractors that are approved to work for the U.S. federal government. We were formed to support the needs of businesses that need assistance from proposal writing and GSA supply schedule contracts to teaming with approved government contractors.

SubTeamPartners Database

SubTeamPartners* (STP) is a service that helps **contractors find business opportunities with prime contractors and government vendors**. Your company will have the ability to post, request business, search for and locate subcontractors and teaming partners.

GSA Supply Schedule Contract Professional Services

GovPartners is dedicated to providing contractors with full service U.S. General Service Administration (GSA) proposal preparations and submissions.

Government Contract and Proposal Writing Professional Services

GovPartners offers a full service proposal solution - **ProPartners!** Preparing a government contract proposal takes dedicated resources and time in order to produce a winning proposal. A solid, well written proposal gives your business the advantage over your competition and helps to secure long-term partnership with the U.S. Government.

** For a limited time offer, join our STP Database at no cost, for one year!*
